Hi Jennifer,

Thank You for reaching out and providing this information. I have included Sergeant Maxwell from the OWB HOPE Team as well as Captian Nuno from DOT and Representatives from LASAN Watershed, Solids and LAHSA. Are you able to take a few photos of the location and E Mail them to me?

Sergeant Maxwell, Thank You for your continued response and efforts in Pacific Division; can you conduct Rapid Response when available until we find out if this location would need a CSLA?

Captain Nuno, this is just an FYI that SLO Muther is working on this location which is adjacent to one of your DOT lots.

Matthew, is it possible to have your team conduct outreach at this location and educate them on ADA and the weekend Farmers Market.

Thank You all in advance,

Emada

Subject: Venice/Ocean

Hello LT,

I wanted to know if there is anything UHRC can do to assist with a certain problematic encampment at Venice/Ocean. HOPE Unit did an amazing job helping out last week on Venice/Venice Way, which is adjacent to this area. In addition, we had a scheduled sanitation clean-up yesterday at Venice/Ocean. However, as of today the encampment has grown. The encampments are in the planters just outside of DOT parking lot and the only thing separating the encampment and the parking lot is a 3ft wall. The bigger issue is this parking lot is utilized every Friday for the Venice Farmer's Market, which could present a health hazard.

I appreciate your help

PS Congratulations on "Capt" SOE Div is very lucky to have you there soon.

Officer J. Muther
